

The Choice is Crystal Clear.

Questionnaire.

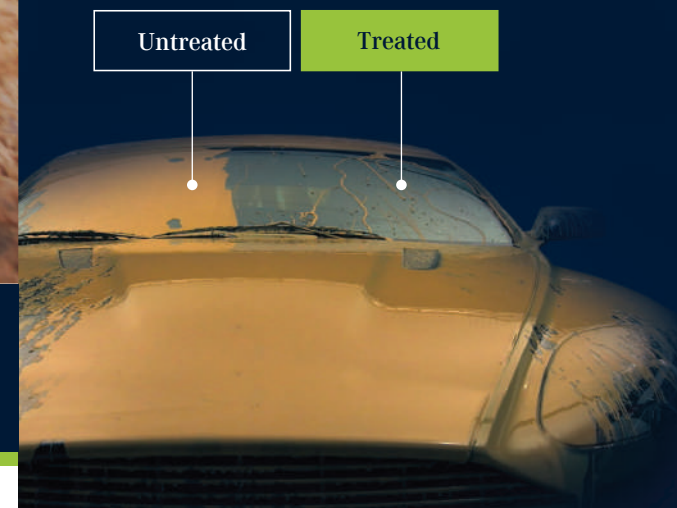

- Have you ever felt nervous or unsafe while driving in a rainstorm due to poor visibility?
- Have you ever been late to a destination because you had to take extra time to clean frost from your windshield?
- Do you avoid driving at night because glare makes it difficult or even painful to see?
- Do bugs or insects stick to your windshield?

High Definition Glare Reduction Windshield Application

GLARE REDUCTION

Enjoy the clear vision you deserve, plus a 2 year year chip repair guarantee.

High definition glare reduction windshield application that helps when your visibility is obstructed.

Cleanliness.

Dirt and mud are no match for Crystal Fusion™. Bugs, frost and ice are easier to remove.

Improved Durability.

When protected by Crystal Fusion™, your windshield is less likely to crack or chip due to small road debris.

Advantages of CRYSTAL FUSION™

- ✓ Improves clarity and visibility to extend driver reaction time.
- ✓ Helps to deflect small road debris to reduce damage to windshield.
- ✓ Significantly reduces night glare.
- ✓ Allows insects to easily be washed away.
- ✓ Makes ice and frost much easier to remove.
- ✓ Protects against acid rain, corrosion and mineral buildup.
- ✓ Repair of chips (not bigger than 1.6 cm).

Clarity is Crystal Clear.

With Today's Technology, Would You Buy a Non-High Definition Television?

The improved clarity of a windshield treated with Crystal Fusion™ is so enhanced, it is comparable to the high resolution of High Definition TV versus that of a standard TV.

Safety Enhancement.

Love your new car and those who ride in it? As part of the Safety Restraint System (SRS), the factory installed windshield is crucial to the structural integrity of your vehicle. Protect your vehicle and your family today with Crystal Fusion™ to enhance your windshield visibility.

The Solution for the Off-Road and Every Day Driver.
